Comments: I am a landowner in the Swan Valley. This would be absolutely detrimental to the forests, roads, peace, and everything about the entire special untouched area. Please do not allow this mega corporation to destroy and abuse what little peaceful land there is left, by exploiting it for profit.

Powdr has destroyed every community it has inhabited through its greed.

I lived at copper mountain when they took it over, and in Pennsylvania when they bought Woodward. This should not even be considered if we care about Montana at all.

**DO NOT ALLOW THIS!!!!**
