Comments: I am a born and raised Montanan from the Greenough MT. I would first off like to mention the disgust that such a historical place such as Holland Lake Lodge is even being considered to be taken over by a Mega Corporation. Montana is being sold to highest bidder, without consideration of the impact on born and raised and Montana local residents. This massive hemorrhage of our local landmark and grounds has to stop. Everyone comes here because they love Montana the way it is, yet as soon as they get here, they want to change it into where they came from. Local Montanans will not stand for this. I vote NO!!!!
