First name: Charles

Last name: Hamlin

Organization:

Title:

Comments: Although I believe in restoring Grizzly habitat, I have traveled to this area each year to snowmobile. If closed the northern portion of Idaho would lose a huge tourist attraction. I have spent one week as a tourist each winter. I buy all my food, gas and entertainment while there. I also rent a cabin. I am just one person in a group that goes together. We have met many other groups who also travel from afar to enjoy the Selkirk mountains in northern Idaho.
