Comments: Holland Lake is such a special place to everyone on our area. To have it turned into a resort would completely ruin everything Holland Lake represents...quietness, beauty, wilderness, abundant wildlife, tranquility, family friendly environment. This project is represents everything that Montana is NOT! Montanans do not want big corporations taking over our state and ruining it. This would bring too many people to the area. The Bob Marshall wilderness is one of the last pristine wilderness areas in our state and to bring a resort that close to it would be endangering it and the surrounding areas.

Please do not allow this to take place. Listen to the voices of Montana residents!!

Sincerely,

Amie Porter
