Comments: I have had a place on Seeley Lake for 75 years. As it is, Paws Up is taking over Seeley Lake. I know for a fact that 90% of Seeley residents do not want this to happen. The reason people live and spend their summers at the lake is to get rid of crowds of people. Because Paws Up has taken over all the hotels and motels in Seeley for their employees, we no longer have any place for summer people to stay during the summer or winter. This does not help our local restaurants and businesses as these seasons bring in the majority of their income. Holland Lake has always been a pristine lake and area to visit. I would hate to see the property turned into a big commercial property. The Forest Service should turn the property into another beautiful campground for everyone to enjoy and leaving the woods and trails untouched. I have friends who have cabins on the lake and they are there for the peace and quiet that the area is known for. Please, please do not turn this property over for commercial use! It would be a tragedy.
