Comments: Please keep Holland Lake open to the public with No major improvements. With the PWDER proposal to turn Holland Lake Lodge into a destination resort spells serious public access problems. The Holland Lake trailhead is a major route into the BOB and the USFS Holland Lake campground nearby , having the Lodge open to the general public is a wonderful attribute to the area. I am not a newbie to Montana having lived here for 43 years. And have been using Holland Lake area For decades .
