Title:

Comments: I am completely against this proposal.

I have been visiting this beautiful, natural place for 40 years, first with my parents and now with my children.

Holland Lake Lodge is a treasure as is. Please keep it the way it is. Turning it into a larger resort will bring 1000s more people each summer, posting on social media and marketing it to 1000s more. The growth will never end.

The beauty of Holland Lake is that it feels untouched. There are few places like this left.

Thank you for your time.
