Comments: To whom it may concern,

I am writing in regard to the possible acquisition of Holland Lake Lodge by POWDR.

I feel that it is not in the Condon's best interest to have a resort destination at Holland Lake.

Too much of Montana is being exploited and to think that it could happen to Holland Lake as well is heart breaking. Condon and the surrounding areas are simply not big enough to handle all the implications of a resort venue in such a quiet and remote area. From trash, vehicles, medical, fire to over-use of the Holland park area, I feel it is not a good idea.

I appreciate this opportunity to express my opinion regarding the matter.

Warmly,

-Libby Burr
