Comments: To whom it may concern,

I have been a guest at Holland Lake Lodge many times over the years and have always loved the beauty and atmosphere of the property. I have seen the proposed improvements by Powdr and feel it would be a nice addition to the area. It's been difficult to get reservations at the Lodge the last few years, I would love to be able to go more often and support the community. I think the improvements will be valuable for the Swan Valley community for providing jobs year around.

Thank you,

Tracy Rossi
