Comments: I would like to express my concern with this project and ask that it not be given permission to proceed. The Holland Lake Lodge has a rustic character that is an embodiment of the landscape in which it exists. To allow such a place to be altered to the degree that has been proposed would be a tragedy and a great loss not only to the identity of the lake community but also a loss for those future generations who would not be greeted by the rustic charm of such a unique and special place. I hope you will earnestly consider not changing something that has brought so much peace and joy to so many over the years. Keep the place a place of refuge and a place of beauty, keep the character intact...
