Title:

Comments: I do not support the further development of the Holland Lake Lodge & surrounding property. It's imperative that areas such as these remain as minimally impacted by such developments, while still remaining sustainable to the owners. This does not serve the overall area, and the impact that this would have on the environment, roads, services, and access for the general public to trails /camp sites. Please consider this impact before considering/approving a development of the degree. Thank you.
