Comments: To those responsible for deciding the fate of Holland Lake Lodge:

My family has lived in Western Montana for almost 60 years. We treasure the beauty and natural surroundings, the peace and opportunity for renewal offered by our environment and way of life. Holland Lake and its lodge have long been our favorite place to go. The thought of it being turned into a big, tourist-destination attraction, -destroying its natural charm in order to generate big bucks for investors who are looking at the "bottom line" rather than the intrinsic value of what is already there, -is alarming. Please, please do not allow this precious part of our Montana life to fall prey to the commercialization of so much of the country. Please help us preserve what makes living here in the "Last Best Place" unique.
