Title:

Comments: Holland Lake has always been a place of peaceful retreat for families, hikers, locals and fishermen. The lodge currently in place already causes regular traffic jams and excess use on the roads around the lake. An addition of so many rooms and tourism promotion, will cause road js to be excessive, the hiking trail to the falls to be come overbearing, and access to the bob marshall and upper hilland to be difficult, as the access requires passing the resort. The locals in the community that live on the lake or spend their summers there, will have to deal with a greater crowd of tourists that usually are seen in places like whitefish. That is not the crowd wanted in the peaceful swan valley.
