Comments: I'm writing to voice my opinion in objection of the expansion of Holland Lake Lodge.

I understand an older facility occasionally needs improvements to accommodate its guests after many years in business. But this proposal goes far beyond improvements.

What's being proposed is a complete overhaul to turn a lodge into a year round resort that will hugely impact our public lands. Furthermore it will negatively impact the ecosystems, animal life and bird life that inhabited this land way before we did.

Out of respect to public lands, public water and the ecosystem that need to be protected, this project needs to be rejected.
