Comments: I am opposed to the proposed developments at Holland Lake. I grew up camping, swimming, skiing, and hiking at Holland Lake and in the surrounding areas. Large developments like the one proposed have a detrimental impact on community access to the region, effectively driving locals away from the places we know and love. This construction project will increase traffic by the campground and on rural highways, crowd the lake, and over-develop the area. Additionally, a large resort on the lakefront increases the likelihood of litter and pollution contaminating the lake. People are welcome to visit and stay at the current resort or the campground. There is no need to expand the resort to cater exclusively to wealthy tourists.
