Comments: I object to any expansion of facilities at the Holland Lake Lodge, this is not in the public's best interest. The recreational opportunities offered by this lake and surrounding area receive too much traffic already with the campgrounds, outfitter camp and popular hiking opportunities afforded by the Holland Falls trail and Upper Holland trail. For years the lodge owners and staff have made it clear that the public is not welcome in the lodge or on the property, therefore shutting the tax-paying public out of lands owned by the taxpayers. Allowing this expansion will put additional pressure on the area and likely continue to limit recreational opportunities to public land owners "Tax Payers". I support preservation and restoration of the historic structures present on the property. I do not support any expansion of the facility whatsoever. This is a special place for many, allowing new development of this area will change it in a negative way forever, destroying the historic nature and feel of the property and surrounding area.
