Title:

Comments: I lived in the Whitefish area for over 35 years and frequented Holland Lake and the lodge and cabins. Love, love it just the way it is! We even had a family reunion there one year and everyone fell in love with it and the rustic ambience. Please do not let the new developers change this gem of a place. Please help to preserve it and keep the current facility and the pristine lake, as well as an entrance to the Bob Marshall wilderness as beautiful as it is now.

Thank you,  
Ann Goldthwait
