First name: Sarah

Last name: Bernt

Organization:

Title:

Comments: Leave the place alone!!! You can upgrade existing infrastructure without damaging the scenic, historic, quiet landscape. Expansion of buildings and more buildings, more parking and so on is not necessary or beneficial at all! We do not need more people coming here who do not care for our quiet, simple lifestyle. More tourists and amusements for them will not be beneficial to this peaceful valley!!!

I vote NO!
