Title:

Comments: I am concerned when I hear about the expansion and new buildings proposed at the Holland lake lodge. I believe this area has a significant historical and environmental value to our area.

Please make sure you allow for an adequate time period for public comment before approving any development in this area.

I'm also concerned about potential negative environmental impacts to the area with proposed buildings and ask for a thorough environmental assessment of any approved or proposed structures or building.

Please keep me informed as to the status of this project as it is an important area in my families' and communities history!
