Title:

Comments: I'm writing to express my objection to allowing Holland Lake Lodge to expand their facilities. This lodge sits at the gateway to a wilderness area and I am concerned about disturbing the natural environment and wildlife if the proposed expansion is allowed. The current lodge and small cabins are appropriate for a relatively small mountain lake in the heart of a wilderness area. I don't think all decisions should be based on greed, which seems to be the case here. For the record, I'm a lifelong Montanan who enjoys hiking to Holland Lake Falls at least once a year. Please don't allow this expansion to occur!

Sincerely, Beth A. Cogswell
