Comments: This is a terrible idea, and I do not support the expansion, development, or renovation beyond the maintenance of existing infrastructure at Holland Lake Lodge. Development and additions to the existing infrastructure will negatively impact the local and extended communities as well as local wildlife. Montana is a state facing rapid change and growth. A lot of the charm of Holland Lake is that it's the same as it was twenty years ago. Preserve the character of this gem of a family recreation site by not allowing further development of the lodge and associated buildings and infrastructure.
