First name: Todd

Last name: Johnson

Organization:

Title:

Comments: As a born-and-bred western Montanan who has spent much of the past 50 years living in Helena, I support this project. I have always enjoyed visiting Holland Lake and my out-of-state friends are impressed with its beauty. The only complaint is that the facility is old and - in July/August - overcrowded.

The new facility will be cleaner and by having 3x the capacity, will have the opportunity to engender appreciation for the Lolo NF in 3x as many people.

Thank you for your consideration,

Todd F Johnson
