First name: Karen

Last name: Harant

Organization:

Title:

Comments: I oppose this project. The area is already over crowded in the summer. The highway is already a death trap. Developing this property further would cause a ch a disruption to the wild life in the area. There is nowhere to house any workers. POWDR should look elsewhere. Let this area maintain a tiny bit of it's original charm and stop letting giant corporations have their way when they open their bottomless money supply to the government agencies. Please.
