Comments: This proposal is terrible! A cherished place turned into a resort of the POWDR variety should not be considered at all.

Christian says the place needs TLC. He is right. This proposal is not that AT ALL.

This outside and outsized corporation will not serve the people of this valley and the surrounding areas.

Furthermore the impact on our wildlife neighbors is only negative. Similarly it will destroy the traditional uses a beloved place in the valleys.

PLEASE DENY ! How about this: give the land back to the tribes!!!
