Comments: It would be very disappointing to see this beautiful place turned into a tourist destination by Powdr INC. We have experienced first hand what this company is about as we ski Mt. Bachelor in Oregon. It used to be a very beautiful place to go and since Powdr has taken over the whole mountain has changed (for lack of better words, they are bean counters) this is just one of many places Powdr owns I realize but it would be a shame for the people of Montana.

We live in Rexford and the reason we moved to Montana is for the serene beauty and the wonderful people. I sincerely hope that you will reconsider your plans for this project. It would serve you and the people of Montana to leave this place as it is and maybe give it a facelift if you so desire. Please keep Montana beautiful!
