Comments: I am 100% AGAINST this... LEAVE HOLLAND LAKE THE WAY IT IS !!!!!!! we do NOT need OR want it to be changed ... love it the way it is or go somewhere else ... the whole reason I moved here is because of the beauty and peacefulness of the areas surrounding me ... PLEASE DO NOT RUIN MONTANA BY BUILDING HUGE RESORTS WE DO NOT NEED !!!!! There are enough resorts... what we need is to keep our forests and wilderness and enjoy the outdoors without destroying it ... not only do WE the PEOPLE who live here not want it think of the wildlife who live there ... they will be displaced by all of the construction and people ... this will drive them to find a new home and the ones who stay will eventually lose their lives because of either being fed or because of complaints ... or someone will be hurt by one ... PLEASE PLEASE think about the forest and wildlife before allowing this to destroy it
