Title:

Comments: I vacationed in MT many times, each time I'm there I'm shocked by the takeover of certain communities like Bozeman, Whitefish, Paradise valley and the like. I understand the need for more housing and infrastructure due to the increase in population, but once it's gone it's gone forever. Why destroy a pristine area all in the name of money, because let's face it that's the reason for this. Not sure why companies and people from out of state would consider doing this in the name of money. Montanan's needs to do more to protect these valuable resources for the sake of their own state. USFS should fight this tooth and nail and protect this sensitive area.
