Comments: Holland Lake Lodge does not need to be made "bigger and better" for the benefit of POWDR. We need to keep it the way it is for the benefit of Montanans. Just imagine the hordes of people who will descend on this place and ruin it with all that comes with their mere presence. You can't call it a "soulful" experience if the place is being overrun by people, many of whom couldn't care less about the beautiful gem this place is, or was, if this plan goes forward. It will be just another tourist trap that we simply don't need. DO NOT APPROVE THIS PLAN!
