Comments: Hello,

All I really want to say is that doesn't it just feel morally wrong to do this to such A beautiful part of Montana. It's not just morally wrong but ethnically as well. O hope this reaches someone who can do something about this before it is to late. Montana needs to be left the way it is for a good reason. It is one of are great nations last untouched pieces of what this country truly is and should be for the next generation and the next to come see and enjoy. Please do nlt let this project destroy rhis beautiful place.

Thank you
