Comments: While I don't live in Montana, my son and Daughter-in-law live in the State as well as extended family. In my opinion this project should not be allowed to proceed due to number of trees cut down, about 200 and the Lodge has been around for over 50 years.

Montana slogan "Live Free or Die", if project allowed to proceed slaps every Montana resident. This company is from out of state. Why not do a similar project in there home state.
