Comments: Please do not destroy Holland Lake Lodge! How can you consider destroying all the habitat that travels out Of Bob Marshall Wilderness for more people to push the wildlife away? Don't allow all the pavement and pristine natural beauty to be modernized. There is all ready too much building building going on. This is literally in my back yard. No more! ?? stop. Please do not allow this MR Steele! I'm a Montana native born and raised. Please I beg you no more destroying our natural habitat that makes Montana Montana.
