Comments: Just saw this on UTube , thankfully before your incredibly short time frame. Why are u even considering this on F.S.land.We have been fortunate enough to stay here many time.Both the lodge and State Park. Also to hike the beautiful trails. Why r u willing to take this away from the public for some fancy resort that isn't even Montana. And given to outofstaters! Seen this same thing in Washington and Idaho until all small resorts gone. And what about all the trees. Where is the Service in Forest Service. ????? Reconsider and dont take this valuable property away

Thank you

Bob Rayment
