Comments: I STRONGLY oppose the proposed "improvements" to Holland Lake Lodge and adjacent buildings-maintenance upgrades are one thing, but to make it a playground for the rich goes against the very reasons we live in Montana. The demise of the Rocky Mountain West rides on the very shoulders of this sort of project, changing forever the character of our once great state. I was luck enough to be born and raised here, I'd sure as hell like my daughters to experience Montana the way I have. Please rein in this project, and keep in mind-you cannot put the genie back in the bottle-once it's gone, it ain't never coming back.
