Comments: I am opposed to the land development at Holland lake. We raised our kids every summer in the summer from 1980- 1990. We spent almost every weekend there. We then took our grandkids there. It is a very special place. It has been in magazines of one of the best places to visit in Montana. This development will run thru lake. There has been a huge increase in the visitation to the area and the wildlife and vegetation has shown it's wear and tear. The kids use to catch frogs they are no longer there. Please keep at least on special place the same. It is such beautiful place. There needs to be a environmental assessment on the effects of this massive expansion. The Forrest service should not have a right to sell to big money.
