Comments: Have there been any official reviews of the environmental impact this will have on the lake and it's surrounding lands?

Holland Lake is a lovely family getaway but increasing the amount of vehicle traffic to accommodate such a huge lodge sounds like it will impact the local wildlife in a way the current capacity does not.

If the lodge owners are desperate to sell have they considered selling it to a city? Perhaps Bozeman or Missoula or Kalispell would be interested in purchasing it for summer recreation programs.
