Comments: Ladies and Gentlemen, I object to the expansion of Holland Lake Lodge. I agree that there needs some TLC on the existing structures, however the proposed expansion of additional structures and larger lodge would be detrimental to the ambiance of the lake. I foresee larger numbers of visitors which will add noise, litter and spoil the natural beauty and solitude of the lake. I have camped at Holland Lake at least twice a year for the last 10 or more years and believe this expansion would ruin mine and many other campers experiences on Holland Lake. Please don't allow this.
