Comments: I am strongly opposed to the proposed Holland Lake Lodge Facility Improvement & Expansion project #61746.

My family and I have loved visiting Holland Lake over the past 30 years. This is a nearly pristine site with a rustic lodge. We have camped at Holland Lake campground, hiked in the area, recreated at the beach, watched wildlife, and stayed at the lodge. This is a peaceful place that embodies the beauty and soul of Montana. The proposed development would utterly destroy this remarkable gem.
