Comments: The expansion of Holland lake is a TERRIBLE idea. We need to keep these places as they are! Montanans have endured enough change in relation to out of staters. They don't respect our land. They don't respect our state's beauty! As a local Montanan, my husband and I enjoy Holland lake every year. And now it's going to be an even more overcrowded commercialized place??? How sad!! Do not let this happen!!!!
