Comments: Dear Montana Forest Service, Please DO NOT allow this project to move forward. The tree cutting alone is unacceptable. The impact on the lake and the surrounding area will be both negative and lasting. I am a 4th generation Montanan who uses this area to recreate, hunt and fish. I feel the new construction, tree removal and huge influx of traffic and guests will forever alter the landscape, wildlife and culture of Holland lake and the surrounding areas. Please save our lake and its wild places by NOT letting this project move forward.
