Comments: I am writing about the proposed development of the Holland Lake Lodge by PWDER.

I would support effort to maintain the historic lodge so that it doesn't deteriorate over the years, and a small scale renovation of cabins so that people can enjoy the area and stay if they choose.

I do not support a large scale development that would largely impact the volume of people that use the area.

Not only would it change the quiet peaceful area drastically, it would also have too big an impact on the trails and scenic highlights in that area.

Please keep it as much like it is now as possible. There are enough areas getting overrun by tourism. The Swan Valley is a precious place that I truly hope stays as remote as possible.
