Title:

Comments: Dear Sirs,

As a former Montanan, I am very familiar with the proposed facility and area surrounding Holland Lake. In fact a niece was married there several years ago in that beautiful and quaint place. I am opposed to the proposed project and feel that it will degrade the site and of course the lake. At what cost are we Montanan's sacrificing this area just in the name of commercialization and tourism. Please carefully consider mine and other Montanan's objections to this project.

Sincerely,

Cory Vollmer
