First name: Cindy

Last name: Bastian

Organization:

Title:

Comments: Although my primary residence is in Idaho, I grew up in Montana, my family is in Montana, and my daughter is a Montana State alum. I cannot fathom anyone who is in favor of the extensive scope of this project except for the developers. It will have irreversible effects on the environment as well as the quality of life for Montanans. Montana does not need an overused and abused mess like Zion Park. Don't sell us out!
