Comments: I do not agree with allowing expansion of the Holland Lake Lodge. Holland Lake is a favorite get away for me and my family due to the quiet atmosphere and affordability. The expansion being planned would make the lake crowded and unaffordable for most Montana citizens. Lakes with private property are difficult to control in regards to over population and lake traffic. Holland Lake is public property and can be managed to allow for positive experiences thru limited impact as it now exists. Please, do not allow another Lake to become overcrowded and overused.
