Comments: A new lodge at Holland Lake would be a disgrace.

Holland Lake has been a serene escape for my whole life. It's an amazing mountain lake that's been a heavenly hideaway with out the hustle and bustle of many tourists like Seeley Lake. If these big city contractors come in and create a new lodge it will attract more people and ruin the peace of this small lake. From a person who has lived in Montana her whole life, this would be a very tragic thing to happen to one of my favorite lakes. Please do not allow this to happen.
