Title:

Comments: Holland Lake is a one of Western Montana's fantastic treasures and local wonders and I believe that this project will absolutely ruin that area for everyone who has loved and appreciated it for years and years. The project will ruin the environment and nature in the area and the "jobs" that it will bring in will be poverty wages. I sincerely hope that you will listen to the over 1000 objections that have already been submitted and stop this before it irreparably changes the land and culture of Western Montana.
