Comments: Hello my name is Ben Clark

I'll just start off by saying the scope of this expansion is a bridge way too far. Your turning one of the most beautiful publicly accessible camp grounds and beaches into a private corporate hotel...

I love Holland lake and have spent every summer enjoying it's beautiful free majesty with my family sense before I could talk.

I understand the lodge can't be much of a money maker and it's the poster child for deferred maintenance. it's not a secret the former owners phoned it in for years.

the increases in size, occupancy level, and overall footprint will drastically change what my family and I love about this beautiful peaceful wild place. Quite literally my favorite place on this earth will be a private honeymoon suite.

I implore the powers that be please do not expand the existing lease, generation's of Montanans have loved and shared this land with each other, please don't sell it out to a corporation from utah
