Comments: As a life time resident of Montan, I'm sure I'm not the the only one that is sick and tired of other people buying our forest lands and turning them into a Big Sky like the one South of bozman.. When are we going to realize our forest lands are important to us in so many ways . These state plants belong to the STATE OF MONTANA. We Montana's LOVE our state the way it is. Its a state that people want to vacation in and that is good for all. Buy we really don't want them to buy our lands and ruin it for the rest of us that live here.
