Comments: Any further development on Holland lake will cause nothing but detrimental changes to the lake and surrounding wilderness. To do so for pure financial gain is irresponsible and frankly disgusting. I have recreated on Holland lake many times and it is one of the few places left in the state to enjoy such a quiet and pristine piece of Montana that is also very accessible. Please take care of this treasure and not destroy it to turn a profit.

We are all temporary stewards of this land, take that responsibility seriously.
