Comments: Please do not pass this or allow for expansion. Holland Lake can't handle expansion on such a small lake. It was created for relaxation not for expansion. Please listen to Montanan's and keep this area pristine, beautiful, and friendly. I sure hope that in depth studies will be done in regards to infrastructure and fish/game will be done of it is even considered. My family has been camping at Holland Lake since the 70's and this expansion would ruin the area.
