Title:

Comments: I was born in Montana / Raised in Montana / Lived in Seeley Lake I rode in the Scapegoat Wilderness /Bob Marshall Wilderness and over the pass by Holland Lake Lodge. Hunting and camping in the beautiful land of the mountains. The wildlife is beautiful and it is so serene and quite and it is a privilege to see this not tore up. Do not let the big corporations ruin our lands. This is Montana and not for corporations to rape and pillaged our Big Sky state. Corporations are just after money and not caring what they do to the wild life and the scenery our beautiful state has to offer. Greed and the carelessness of the corporations are going to kill it for everyone and all animals that live around there except themselves. NO NO TO THIS HORRIBLE DEATH TO THE STATE OF MONTANA SCENERY
